FAQ'S

Changes to approved layout

The approved layout was designed to keep labor hours to a minimum. Because of package pricing, there are a set number of labor hours included: 70 pre-apprentice carpenters who are responsible for setting up the room and 70 cleaning hours. Changing the approved diagram may increase costs. Please discuss any requested changes with your Sales or Event Manager.

Entertainment

The package does not include electrician hours. Please discuss your entertainment needs to your Sales or Event Manager to confirm that no electrician hours would be needed. If needed, the day rate for an electrician would be \$1500.

Food and Beverage

Changes can be made to the Food and Beverage Menu and may change the pricing. Please discuss requested changes with your Aramark Event Manager.

Staffing

There will be (3) Guest services staff for your event. They are responsible for directing guests and answering questions. There will also be (4) APEX Security Agents monitoring the main event space. We do request that the school provides an appropriate number of chaperones or school administrators to supervise the students. 1 per 30 students is the minimum required by the stadium.

PROM LAYOUT

TORK Club

Lincoln Financial Field wants to bring a different experience for your students. It's not about a formal sit down dinner anymore. Proms have evolved into giving the students more time to socialize, eat at their convenience, and enjoy the entertainment. The approved layout is designed to create an elegant reception style experience which encourages more socializing.

Below is an approved diagram for this package. Depending on your Prom size and needs, the layout and pricing may change. Please talk to your Sales Manager for a custom diagram.
